LITTLE ROCK VISITED BY \$8,000 FIRE.

Property loss estimated at about \$8,000 was caused at Little Rock, this county, Saturday night by a fire originating from a defective flue in the general store owned by G. S. Hanks. The store formerly known as the Soper store, together with the entire stock of goods, was totally destroyed.

The store of Robert Hillman across the street from the Hanks store, was set on fire by spark, and with residence adjoining burned to the ground. This is the second time in a year that the Hillman home has been burned. The losses are partly covered by insurance. For a time the entire village was in danger of going up in flames. The Methodist church was threatened by the flames, but was saved by the good work of volunteers.

A negro man returning from Paris discovered the fire. He promptly notified Mrs. Margaret Banta, manager of the Little Rock exchange of the Cumberland Telephone Co., who called every subscriber on her switch-board. A bucket brigade was formed, and the flames prevented from spreading further. A call for help was sent to the Paris fire department, but the bucket brigade had the flames under control, and so notified Paris later.

Mr. Hanks moved to Little Rock about two years ago from Stanton. The members of his family as well as the Hillman family were all asleep when the fire started.

As soon as the insurance losses are adjusted, the work of replacing the burned buildings will be commenced.

POPULAR LEXINGTON THEATRE THREATENED BY FLAMES

Fire of unknown origin breaking out beneath the steps leading to the balcony of the Ada Meade Theatre on West Main street, in Lexington, Saturday during the afternoon performance, caused an approximated loss of at least \$1,000.

It is understood that the loss to the building, which is owned by W. M. James, of Columbus, O., is fully covered by insurance. Mr. James operates the vaudeville house through his manager, J. R. Neth.

No show was given at the house Saturday night, but it was said by Manager Neth that the theatre would be reopened for the entertainment of its patrons Tuesday or Wednesday, of this week.

BOURBON CIRCUIT COURT

The March term of the Bourbon Circuit Court will reconvene this morning, after an adjourned session from last Thursday. Judge R. L. Stout and Commonwealth's Attorney Victor Bradley will open the exercises. A number of cases assigned for trial will be taken up.

ANYONE KNOW MATILDA COMBS?

There is an important letter at the Paris postoffice, addressed to Matilda Combs, which Postmaster J. Walter Payne would like to deliver to bearer. Anyone knowing the whereabouts of Matilda Combs will confer a favor by informing her of the letter or call Postmaster Payne.

HIGH WINDS BLOW DOWN NEW HOME.

During a storm which prevailed late yesterday afternoon a cottage belonging to Mr. I. H. Maddox, on the Bethlehem pike under process of construction, was blown down. A heavy fall of hail and rain accompanied the high winds.

A chimney on the residence at the corner of Fourteenth and Main was blown off, and other damage inflicted in that neighborhood. Reports from other sections of the city and county indicated slight damage to property from the high winds. Heavy lowering clouds preceded the coming of the blow.

NEW FIREMEN ON JOB.

Mr. V. B. McGoldrick, who was recently elected Chief of the Paris Fire Department, arrived Friday from Danville, and has assumed the duties of his position. Mr. McGoldrick, an expert electrician, and will make a good man for the place. He will be ably supported by his aides, Paul Brannon and J. S. Napier. They have been industriously getting acquainted with the duties of their new position, and will be ready at the tap of the gong to "come to the rescue."

IN THE SERVICE OF THEIR COUNTRY.

Lieut. Jason Redmon, of Bourbon, has returned after spending six months in Uncle Sam's service overseas. He received an honorable discharge at Camp Zachary Taylor, and is at home with his parents, Mr. and Mrs. Castle Redmon, near Paris.

Lieut. James Miller, who has recently returned from overseas, and his wife, were honored guests at a dinner given in Millersburg by Mr. and Mrs. Alexander Miller. After the dining, the guests were entertained by Lieut. Miller with a history of his experiences on the battlefield and in the trenches.

Private George L. Frakes (Tommy), son of Mrs. Carrie F. Stone, of Paris, is now located in France as an operator in the town of Adamy, France. He is a member of the 22d Engineers Corps. The following letter was written recently by Private Frakes to THE NEWS. The letter was censored by Lieut. J. W. Waller, formerly of Paris, who underscored the censorship slip with the notation: "Best regards to THE NEWS." The letter follows:

"In The Jungles, France, February 25, 1919.

"Dear NEWS:—
"Don't know that you would care very particularly for a letter from a rookie in France since the war has closed, but will take a chance on it. You can see that I am still in beautiful France (not very beautiful to me now, situated as I am). My present occupation is that of operator in the Engineering Corps. I am at a station called Adamy Y., which is right in the middle of the Bois de Vignellennes, (or to put it in plain English, I am in a dickens of a place). The 'station' I speak of it an old French box-car on a siding, in which my buddies, our rations and myself try to make the best of it.
"There isn't anything very exciting around here, except the occasional visit of wild boars and wild cats. The cats howl nearly all night long when they come to pay us a visit, and you can imagine how delightfully we get to sleep while that is going on. This is the darndest place I have been in since I have been in France. I didn't mind half so much when the war was on, and we were in action, and there was hustling all around us. There was always something going on, air battles to watch, etc., but now there is nothing to see but the deep woods and an occasional glimpse of an American newspaper. We get a copy of THE NEWS once in a while, and read every line in it.
"It looks now as if we are doomed to stay over here for some time yet. Can't tell from what we hear just how long, either. I certainly hope it won't be very long, for the sight of the old U. S. A., even Claysville, would be like a glimpse of Heaven to us boys. Ask the fellows who have come back. We are well-treated here, well fed and clothed, but that isn't all. We want to come back home.
"Well, there comes a call, so I will have to answer. Best regards to all the boys. Hoping to see them all soon, I am,
"Very Truly,
"TOMMIE.

REPORT OF COLLINS SALE.

Auctioneer George D. Speakes makes the following report of the sale held on the premises for Mr. Marion Ryles, administrator of Mrs. Anna Collins, near Jacksonsville:

Cows sold for \$35 to \$148 per head; one pair coming two-year-old mules, \$145; shoats, \$9 to \$23 per head; sows, \$30 to \$42 per head; five hundred shocks of corn, \$1.90 to \$3 per shock; chickens, \$1.35 each; geese, \$1.50.

Since January 1, Auctioneer Speakes has conducted seventy-nine public sales of farms and live stock. He was in Eminence yesterday, where he conducted a big sale of live stock.

ON TO CANADA.

Accompanied by a number of Paris and Bourbon county boys, Mr. U. S. G. Pepper, formerly postmaster of Millersburg, and lately in business in Huntington, W. Va., will leave this week for Saskatchewan, Canada. They will go on the big wheat and flax ranche of E. F. Spears & Sons, of Paris, and will remain through the summer.

Mr. Pepper will be in charge of the Spears ranche at Houghton, Canada, this year, which has a large annual production of wheat and flax, and which commands good prices in the markets.

REAL ESTATE TRANSACTIONS

Mr. Harry Mitchell sold to Harold Roberts a cottage in Henry Addition to Paris for \$1,500.

Mr. Harry Speakes purchased Saturday Mrs. Pearl M. Taylor her residence on South Main street, near Twentieth street, and about four acres of ground for \$4,000.

Mrs. Amanda Clayton has sold her frame residence on South Main street, to Mr. D. M. Plummer, who owns the adjoining property, used by him at a grocery. The price paid for the house was \$2,800. Mrs. Clayton will probably move to Lexington to reside.

Mr. and Mrs. Edgar Soulesley have sold their one-story frame cottage located at the northwest corner of Cypress and Boone streets, to Mr. George K. Redmon, of near Paris. Mr. and Mrs. Redmon will move to the property. The price paid for the home was \$5,000.

Chas. S. Brant & Bro., of Paris, have purchased the large seed house of Tabb & Co., in Mt. Sterling, at private sale. The building is being dismantled by a large force of men under charge of Mr. J. E. Taylor, of Paris. The machinery will be brought to Paris and installed in the Brent warehouses in East Paris.

W. B. Bryson, real estate dealer of Carlisle, co-operating with Harris & Speakes, real estate dealers of Paris, sold Saturday at public auction on the premises the William Neal farm of 86 acres in Nicholas county, near Myers Station, to Mr. E. Taylor, for \$126.50 per acre. Five years ago Mr. Neal bought the farm for \$54 an acre.

Auctioneer George D. Speakes reports the sale of Mrs. Kate Rice's North Middletown property as follows: Two-story frame house on Main street, to S. D. Patrick, for \$2,000; five acres of land on College street adjoining J. C. Bryan property, to Mr. J. C. Bryan, for \$3,505; two vacant building lots on College street, to J. M. Murphy, for \$1,800.

CHURCH BANQUET SCORES A DECIDED SUCCESS.

The banquet given in the parlors of the Christian church, in this city, last Friday night by the members of the Adult Department of the Bible School was one of the most successful and thoroughly enjoyable events of many years. The Adult Department of the Sunday School includes the Women's and Men's Bible classes and the classes of Mrs. T. M. Fun, Mr. A. L. Boatright and Mr. David D. Cline.

The guests at the banquet Friday night comprised the officers and teachers of the various classes of the Bible School of the church, the pastor, Rev. W. E. Ellis, and a large number of invited guests from the county and from out-of-town. The speakers and the prominent guests were seated at a circular table. Place cards indicated the places to be occupied by the guests of honor, who were as follows: Rev. and Mrs. W. E. Ellis, of Paris; Dean T. B. McCartney, of Transylvania University, President and Mrs. Thos. A. Hendricks, and Miss Tipton, of the Hamilton College faculty at Lexington; County Attorney D. D. Cline, Rev. and Mrs. J. T. Sharrard; Mr. and Mrs. J. W. Jones, of North Middletown; Mr. and Mrs. Wm. O. Hinton, of Paris; Prof. A. W. Fortune, of Lexington; Rev. and Mrs. F. M. Tindler, of North Middletown; Mrs. T. M. Funk, of Paris.

Eleven other tables were occupied by the invited guests. Rev. W. E. Ellis acted as toastmaster and introduced the speakers of the evening, Dean McCartney, Prof. Fortune, President Hendricks, Rev. Tindler and Mr. Cline. The tables and rooms were beautifully decorated, and an orchestra discoursed soft music during the banquet. The menu included old country ham, scalloped oysters, cheese loaf, assorted sandwiches, hot rolls, beaten biscuit, celery, pickles, fruit ices, coffee and mints.

The committee in charge of the banquet spared no pains to make it an entire success. These fellowship banquets have become annual events in the church and are important factors in the social life of the body, contributing largely toward the happiness and enjoyment of the younger members, and drawing all into closer touch with each other.

It is now four months since peace announced her intention of visiting this earth, and she is still on her way.

BLUE GRASS EXCHANGE OPENS TO GOOD PATRONAGE.

The Bluegrass Oil Exchange, under the supervision of Mr. John M. Stuart and associates, opened for business at the new stand Saturday night, with a good patronage. The room in which the Exchange is domiciled has been fitted especially for the purpose, and the cries of the "puts and calls" can be heard at each nightly session hereafter.

Mr. Emmett Redmon, who has for some time been associated with the big brokerage business in the Phoenix Hotel, in Lexington, presided at the blackboard, and made a short talk before the opening of the session, calling attention to the objects of the Exchange and its method of transacting business.

Sessions will be held each Wednesday and Saturday night, beginning at 7:30 o'clock, each night, and also at 3 p. m. Saturday for the benefit of out-of-town traders. The sessions will be of the open call style with which the local traders are now doubtless well acquainted. The Exchange will be in touch with trained men in the Eastern Kentucky oil fields, and a statistical department will be maintained for the benefit of the patrons. The business of the Exchange will be carried on on a strictly commission basis. The following report of the opening sales is furnished THE NEWS by Mr. John M. Stuart:

SIMMS PAYS A HIGH PRICE FOR STALLION

E. F. Simms, of Paris, bought from William Garth, of Charlottesville, Va., the thirteen-year-old bay stallion, Theo Cook, by Ben Brush, dam Climax, by Domino. The horse was brought from Virginia, Friday morning, and will stand at Thomas Platt's farm. The reported price is \$10,000.

Acting for Frank J. Kelley, of Chicago, by whom he is employed as manager of breeding operations and racing stables, Theodore L. Price came Thursday from Louisville and had the six-year-old chestnut stallion Ormsdale, by Ormandale, dam Wadchou, transferred from Kirklevington farm to John S. Wiggins' Military Stock Farm, at Hutchison Station, where the stallion is to stand. Kelley recently bought Ormsdale from R. T. Wilson, Jr., of New York.

The sale to divide the partnership between Squire John S. Wiggins and O. A. Bianchi, held at Mr. Wiggins' Military Stock Farm, near Hutchison, this county, Friday, resulted in fair prices being realized for the fourteen thoroughbred mares, two with foals by their sides and one yearling. The best prices realized were \$600 for Zeinap; Sonia, \$500; Kitty Belle Brooks, dam of Sedan, \$500; What's Left, \$400; Lady Katherine, \$175; and Gypsy Blair, \$175 to O. A. Bianchi, and a brown yearling colt by Jim Gaffney—Duces, \$375; Tehara and foal, by Jack Atkin, \$300; Polly H., \$300, to John S. Wiggins.

TOBACCO MARKETS

At a meeting of the Bourbon County Tobacco Board of Trade, it was decided to hold the last sales of the season on the local market on Wednesday, March 26. Sales will be held at each of the houses all this week. The warehouse men state that the present sales season has been the most successful in the history of the local market. There has been a better grade of tobacco marketed, better prices have been obtained, with a resulting profit to the grower, the handler, and the warehousemen, all around. As soon as the figures have been made up for the season's sales it will show that the largest amount of money ever put into circulation in the local channels of trade has been paid out by the Bourbon county houses this season.

The local market eased up somewhat Friday, the closing day of the week, prices being about the lowest of the season, with receipts light. At the Independent House a total of 24,385 pounds of tobacco was disposed of, bringing in a money value of \$6,602.96, an average of \$26.59. Crop averages ranged from \$20 to \$40.41. Dan W. Peed, one of the managers of the Independent, stated that the tobacco grown on forty acres on his farm sold this season for an average of \$675 per acre, a total of \$27,000. No report was given out of the sales held at the Bourbon Tobacco Warehouse.

G. O. Tuck & Co., one of the largest tobacco buying firms on the local market, will turn their redrying plant, located on the Louisville & Nashville railroad, near the city limits of Paris, into a tobacco stemmery, which will give employment all the year around to a large number of employees. The Tuck Co., has plans on foot for the erection of a large redrying plant to take the place of their present one.

A crop of 115,000 pounds tobacco raised on Bourbon county lands, has been marketed at the Independent House, in this city, by McClure & Plummer, of Paris. The tobacco was sold on the loose leaf market in recent sales bringing a total of \$61,214.50, an average of \$53.23 per hundred pounds.

The Bourbon Tobacco Warehouse sold yesterday 59,865 pounds of tobacco for \$16,640.05, an average of \$27.79. This house will sell daily the remainder of the week, and will hold the last sale of the season on Wednesday, March 26. Some of the best crop averages follow:

Stewart & Bristow, 2,150 pounds, average \$52.53.
Isgrigg & Jones, 2,790 pounds, average \$48.72.
James Clarke & Son, 2,960 pounds, average \$42.50.
Stewart & Bristow, 1,895 pounds, average \$40.48.
W. H. Johnson, 3,700 pounds, average \$37.76.
Rankin & Miller, 3,700 pounds, average \$31.41.

Farmers throughout the county have been busy burning tobacco beds until the work was hindered by the recent heavy rains. The outlook for a large increased acreage for Bourbon county in the coming season is very bright.

FIVE HUNDRED YOUNG WOMEN WANTED AT ONCE!

Five hundred young women are wanted at once by the Women's Missionary Council of the M. E. Church, South. They are wanted for service as missionaries of the church in both the home and foreign fields and the best type of womanhood is asked for. Women to whom the desire to serve has come very keenly, women whom the spirit of the hour has gripped earnestly, this is the type with whom the church wishes to make connection for various forms of missionary endeavor.

The particular forms of missionary work open to the young women of the South are in the medical, evangelistic and educational departments in the mission fields. One hundred and fifty are wanted as evangelists and deaconesses; two hundred and fifty are wanted as teachers and one hundred are wanted as doctors and nurses.

The calling of these young women is made possible through the Centenary of the church which is being observed this year. A fund of \$35,000,000 will be raised at once and this money will make possible the sending of many missionaries to Africa, Japan, China, Brazil, Mexico, Cuba, Korea and in the home field.

When The Fire Alarm Sounds

There has been a change in the personnel of the Paris Fire Department, a bone of contention for some time between both interested and disinterested parties, or factions, if we may be allowed to so term the situation. Whether the change will be for the better or worse remains to be seen. But the fact remains that something must be done to smooth over the friction and give the people of Paris what they are legally and rightfully entitled to as citizens and taxpayers—good fire service for the protection of their property. And in this connection THE NEWS rises to remark—

When you hear the big tower bell on the roof of the fire department tolling out the number, immediately jump into some kind of a vehicle, it matters not what kind, throw it into high, and hike out to the fire. If you are in your auto, open the muffler, blow the horn, and yell like—hello! If you can't make enough noise that way, get a few noisy boys to help you out. Haven't you noticed it here in Paris?

There is a city ordinance which provides that upon the approach of any fire apparatus the driver of any vehicle shall immediately stop such vehicle as near as possible to the nearest curbing and remain there until the fire apparatus has passed. This is, of course, for the other fellow! It doesn't mean it is for the pampered few with their heavy limousines and autos, but for the other fellow! The ordinance also prohibits driving over hose while in action at a fire. This is also for the other fellow! Ever notice how the fellow who thinks he is "it," and in a hurry, fumes and frets because the firemen try to prevent him from driving over the hose? Such impudence in paid menials! But, then—

When you hear the big fire auto-truck coming, get an even start and race along with it. See how joyfully the fire boys appreciate your getting in the way while they are racing in an effort to save probably thousands of dollars' worth of property from destruction. Don't forget to open your muffler, blow your horn and yell. It encourages the firemen and makes their work all the more exciting. Ask Chief Lancaster and all others who have been connected with the department since it has been modernized!

Then, there is also a city ordinance prohibiting stopping an auto or any other vehicle within fifteen feet of a fire hydrant, but don't by any means let this prevent you parking your machine right in front of one of the nearest to the fire. There are plenty of fire hydrants, and the firemen can hunt around for another one somewhere in the neighborhood, rather than disturb your car, while the flames continue their merry work of destroying valuable property. If you haven't an auto be sure to get to the fire in any old kind of vehicle and manage to keep in the way as much as possible, and especially in the way of the firemen, to the very limit of your capacity. Also have a bunch of excited, frenzied women tagging along to offer suggestions as how best to fight the fire. If you are not in too-much of a hurry, call up central on both phones, and ask where the fire is. If you don't get immediate attention, cuss loud and long, as any telephone girl who can't answer you and about eight hundred others at the same time, all wanting to know where the fire is, all in one breath, ought to be discharged for incompetency.

The Fire Hazards

Unnumberable fire hazards, according to Chief Deputy State Fire Marshal Edward Hite, which are not to be seen on casual inspection, are be-

ing revealed by the campaign of inspection now proceeding in Louisville under the direction of Fire Marshal Thomas B. Pannell. This statement is easily credited, especially when it is remembered that Louisville now lives under the threat of a vital increase of fire insurance rates, based chiefly upon the hazardous condition of local risk together with the highly unsatisfactory experience the companies have had there over a term of years.

The Fire Marshal and the forces under his command are doing a big work and the city should thank them for it. But the underwriters' representatives in this district should be able to do still more for the city if they would undertake to interest themselves in the clean-up. Local agents of the great companies could influence the special agents of the companies to interest themselves in Louisville's need; and their advice upon the removal and elimination of hazards, the lessening of exposure risk and the like would be invaluable. Fire Marshal Pannell and his men will never be able to affect the rate situation as would the special agents if they were banded together to help Louisville out of a mighty tight fix.

Too Particular.

Because soldiers returning from France are "very particular" about the positions they will accept, the task of placing them is much more difficult than obtaining jobs for civilians, Dr. George W. Kirchwey, Federal director of employment in New York State, declares.

Home-coming troops, the director asserts, regard the break which war has made in their lives as an opportunity to seek positions more attractive than those they formerly held. They are somewhat "gunshy" of routine work, as well, after their broadening and often romantic experiences abroad. But many of the men, said Dr. Kirchwey, over-estimate their qualifications, with the result that the bureau has been compelled to question their claims and establish a system of "trade interviews" to rate the applicants as to skill and adaptability for the work they wish to enter.

Coxey Plans New Army.

Look who's broke into print again! Our dear old friend Coxey, who led an army of unemployed to the National Capitol in the early nineties, a lot of the huskies passing up the Ohio River, as many people will remember, by boat.

"General" Jacob Coxey declared in New York the other night that he proposes to lead another "army" to Washington as a protest against national prohibition. He had decided, however, that he will not go on foot, but will travel in a touring car and motor transportation will be provided, he said, for all his cohorts.

"General" Coxey said he had discussed the project with many business men in various cities, and that most of them have volunteered to enlist in his army.

A CHILD GETS CROSS. SICK AND FEVERISH WHEN CONSTIPATED

Look, Mother! If Tongue is Coated
Clean Little Liver and
Bowels.

If your little one's tongue is coated, it is a sure sign the stomach, liver and bowels need a gentle, thorough cleansing at once. When your child is cross, peevish, listless, pale, does not sleep, eat or act naturally, if breath is bad, stomach sour, system full of cold, throat rose, or if feverish give a teaspoonful of "California Syrup of Figs," and in a few hours all the clogged-up, constipated waste, sour bile and undigested food will gently move out of the bowels, and you have a well, playful child again.

Sick children needn't be coaxed to take this harmless "fruit laxative." Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure. They also know a little given-to-day saves a sick child tomorrow.

Ask your druggist for a bottle of "California Syrup of Figs," which contains directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Beware of counterfeits sold here. Get the genuine made by "California Fig Syrup Company." (adv)

TEACHERS MUST TAKE AGRICULTURAL "EXAMS."

Teachers in all schools of the State, with the exception of those teaching in schools in cities of the first four classes, must stand an examination this summer on the subject of agriculture if they expect to continue teaching.

The examination will be held under an act of the 1918 General Assembly providing for the teaching of agriculture in the rural schools of the State. The Department of Education has arranged with the University of Kentucky to supply teachers of the State with questions and answers on agriculture.

The questions to be asked on the examination will be taken from the list prepared by the University. The University will furnish these questions and bulletins free to teachers on application.

Sturdy Womanhood

is the demand of to-day

In the Health and Strength of the Wives and Mothers Rests the Future Integrity of the Nation.

We must preserve our womanhood. There is need, greater than ever for strong women. Apparently, the race is not as sturdy as formerly or our women are victims of an over-civilization and less able to resist disease.

Thousands suffer and thousands more are destined to suffer from that most insidious of diseases, catarrh. Ninety-seven per cent of the people have catarrh. It is not confined to the head, nose and throat as many suppose. Catarrhal inflammation may attack the stomach, bowels or any portion of the body where there are mucous linings. It is no respecter of persons or position. Everyone is liable to attack.

Mrs. Mary Fricke, 507 Bornman St., Belleville, Ill., was one of its victims. She says: "I have weighed as little as 100 pounds. For years I suffered with my stomach, cramps and severe headaches. After reading Dr. Hartman's Health Book, I decided to try Peruna. The first

bottle brought good results, but as I was bound to get well, I took twelve.

Fifteen years ago, I started with Peruna and I wouldn't be without it. My weight is now around 200 pounds and I am hale and hearty at the age of 63. I can do as much work as my daughter."

The use of Peruna for forty-five years in the American family has proved its worth. If you are sick, do not give up. Try Peruna. Write The Peruna Company, Dept. B, Columbus, Ohio, for Dr. Hartman's Health Book. It is free. Peruna is sold everywhere in liquid and tablets. Insist upon having Dr. Hartman's Famous Peruna Tonic. Ask your dealer for a Peruna Almanac.

FORMAL TRANSFER OF RACE TRACK MADE.

The formal transfer of the Kentucky Association race track at Lexington, had been made.

Henning Chambers, one of the Board of Directors of the Kentucky Jockey Club, and A. J. Carroll, attorney for the new organization, will pay over to Messrs. R. L. Baker, S. S. Combs and R. L. Northcutt, liquidating committee of the Kentucky Association, the sum of \$275,000 and receive therefor a deed of assignment of all property, signed by Vice Pres-

iden Catesby Woodford, of Bourbon county.

Immediately thereafter the deed will be put to record in the Fayette County Court, and by Monday next the stock of the Kentucky Jockey Club will be ready for issue to those who have subscribed for it.

Mr. Chambers says all of the preferred stock, with the exception of \$9,000, has been subscribed and this, he says, will be taken up within the next two days.

Secretary G. D. Wilson has requested all stockholders in the Kentucky Association to bring their stock to the Kentucky Association offices in the Hernando Building, Friday, between 9 a. m. and 4 p. m., and receive their checks in payment.

SOCIAL AND PERSONAL.

Comings and Goings of Our People Here, There and Elsewhere.

—Miss Nancy Dent McCartney has returned from a visit to relatives in Flemingsburg.

—Miss Elizabeth Toohey has returned from a month's visit to friends and relatives in Chicago.

—Mrs. John Williams, of Switzer, Scott county, is a guest of Dr. and Mrs. D. S. Henry, on Cypress street.

—Mrs. Carrie Wilmoth and children have returned from a visit to Mr. and Mrs. Jas. Shropshire, near Leesburg.

—Mr. M. B. Lovell, who recently sold his property near Paris, left yesterday for Beaumont, Texas, to spend the summer with relatives.

—Mr. Wm. Stilwell, a former resident of this county, who is now residing in Nicholasville, spent the week-end in Paris as a guest of friends.

—Mrs. J. Walter Payne and daughter, Miss Eleanor Payne, have returned from a visit to Mrs. Payne's mother, Mrs. John J. Payne, in Warsaw, Ky.

—Miss Mabel Hill, who has been with her sister, Mrs. L. B. Purnell, during the latter's illness, returned to her home near Louisville, Saturday. Mrs. Purnell has entirely recovered.

—Mrs. Duke Bowles left Saturday for a visit to Mrs. John Bowles, in St. Louis, Mo. Returning she will stop at Junction City, in Boyle county, for a visit to her niece, Mrs. Louis Kriener, and at Harrodsburg, with her sister, Mrs. Charles Gefinger.

Dr. Marmaduke Brown, son of Dr. John T. Brown, of this city, will report at the General Hospital in Cincinnati, in April, to assume the duties of interne, for which he was recently selected by a unanimous vote. Dr. Brown graduated in the medical classes at the University of Virginia last week with high honors.

—Mrs. J. J. Rice spent the week-end in Paris as guest of her father, Dr. John T. Brown, and Mrs. Brown. Mrs. Rice is now a resident of Harrodsburg, where her husband is in charge of the Presbyterian congregation. A reception was given last week in their honor by the members of the congregation at Harrodsburg. A "pantry shower" given by the congregation filled the pantry of the Rice household with all kinds of good things.

NORTH MIDDLETOWN PEOPLE ENTERTAIN SOLDIER GUESTS

Some 300 people attended the Soldiers Social given by the Bible School of the Christian Church, Wednesday evening, in the Assembly Room of the church. The guests were met at the door by Elder F. M. Tindler and others, and conducted to a class room where they removed their overcoats and hats and registered. Twenty-one Soldier and Sailor boys stood in line while nearly every one present gave each one of them the glad hand of welcome. A plate containing a nice lunch of old ham, chicken salad and beaten biscuit and a cup of coffee was presented to each of them, and then to all present. After the lunch, Elder Tindler made a few remarks and called upon the service boys to relate some of their experiences. Most all the boys responded and the audience enjoyed their talk immensely. The boys present who were from both army and navy, were: Harold F. Harris and H. R. Whitridge, of Paris; John Harvey Kerr and James E. Allen, of Lexington; William Crump, Little Rock; John Stigall, Frank Taylor, Stanley S. Dickson, Wm. Collins, Robert G. Jones, Charlton E. Jones, L. Raymer Jones, Fielding G. Rogers, Walden Mains, Louis G. Tindler, Harvey C. Rogers, Allie C. Detwiler, John L. Bowin, James Wells, Jas. W. Tindler and S. R. Hudnall. About half of the service men were in France and England. When all the other boys come home the Bible School will have another social.

LOCAL RED CROSS GETS NEW SEWING SCHEDULE.

The new quota has reached the Red Cross rooms (100 chemises and they are ready for work. We give below the month's schedule, but the rooms are open always to any woman who finds it more convenient to come some other day than the one chosen by her church.

Work may be taken home with the understanding it is to be returned within two weeks.

The days marked "open" mean they are open to the general public, no special organization to be in charge, but everybody welcome. One such day in each week.

GRAND JURY MAKES FINAL REPORT TO COURT.

The report of the grand jury follows: "To the Honorable Robert L. Stout, Judge of the Bourbon Circuit Court:

"Your March grand jury respectfully submits this, its final report, and asks that it be finally discharged.

"We have examined into all matters which were brought to our attention, and have found such indictments as the evidence justified.

"We have visited the county poor farm and find it in good condition, clean, and the inmates well contented. We find the cooking stove in the negro quarters in bad condition and liable to cause a fire, and we call the fiscal court's attention to this matter, and ask that it be remedied.

"We have visited the county jail and find it clean, sanitary and we have no recommendations to make.

"We feel that the county would thank the fiscal court and the city council for having at last started work on the road leading through East Paris, and this grand jury desires to call attention to this fact, and at the same time it also desires to call the attention of the fiscal court to the miserable condition into which our country roads have fallen. The approaches to bridges are uncared for, leaving large falling off places on the bridge, causing great discomfort and possible injury to those traveling the road. Besides this, holes are permitted to stay in the roads and to become larger and larger, whereas a small amount of work at the start would save the county hundreds of dollars that will have to be spent because these holes are neglected. We earnestly call the attention of the fiscal court to these matters, and trust that they will have the earnest consideration and attention of the court.

All of which is respectfully submitted.

(Signed) "W. F. Wornall, Foreman."

CANTRILL WILL COME TO KENTUCKY FOR REST.

Congressman J. Campbell Cantrell, of the Seventh District, will return to Kentucky about March 15 for a short stay of four or five days, after which he will go to Martinsville, Ind., for a rest. Congressman Cantrell has written friends here that the Sixty-Fifth Congress, being the most important and far-reaching in results of any in the history of the nation, was also the most strenuous to its members, and that he can not take up his duties until he has had complete rest and relaxation from the work which kept him at his desk so many days and nights in succession.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local treatment, pronounced incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts through the blood on the mucous surfaces of the system. One hundred dollars reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for circulars and testimonials.

INTRODUCING THE

NEW STYLES

FOR SPRING AND SUMMER

NINETEEN NINETEEN

The Tailormade Suit

In a diversity of styles fashioned in tricotine, serge, poiret twill and gabardine, portraying the new silhouette.

The New Spring Coats

Coats of Cape and Dolman type, developed on slender, straight lines, seem to be the most favored for spring wear. The little graces and elegances of detail in the contour of the collars and shoulders, the fineness of sleeve and cuff detail, express exclusiveness of the highest order.

The New Spring Dresses

The narrow silhouette dominates the new dresses, too, and embodies them with a youthfulness that is refreshing. Cunning little pleats, puffings, draperies and the loveliest little sashes and bows adorn these new styles most becomingly.

The New Spring Skirts

Beautiful plaid and stripe woolsens, satin, georgette, crepe chene, Fan-ta-si silks in all colors and soft moon glo satins feature our unusually pretty line of separate skirts.

Here's the big work, little cost tractor—the Titan

THE Titan 10-20 has been on the market for years, and has made good without reservation. 10 horsepower at the draw bar—20 horsepower at the belt.

A well-balanced tractor that is suited to all farm power work. It drives easily, affords maximum pulling power for its weight, and is suited in every way to the general run of farm work. Not too large for the small farm, yet large enough to handle a great volume of work.

Use it with an Oliver Plow—

We recommend that you use an Oliver plow with your Titan tractor because it means the best plowing under all conditions. The combined rolling coupler and jointer buries all trash and weeds at the bottom of the furrow; the stop device maintains an even depth of furrow; the plow points enter and leave the ground first, making it possible to plow clear to the ends of the field; and the trip rope control operates easily from the driver's seat on the tractor.

We have a full line of Oliver plows as well as the Titan tractor here at our saleroom.

BASKET BALL TEAMS FINISH STATE TOURNAMENT.

The series of basket ball games in the Central Kentucky High School girls' tournament played at the Bourbon County Y. M. C. A. gymnasium, Friday and Saturday, resulted as follows: The Clark County High School team defeated the Winchester High School team 16 to 4, Friday afternoon, and the Lexington High School team defeated the Paris High School team by a score of 17 to 15. On Friday night Paris defeated the Clark County High School team by a score of 24 to 12, while Lexington defeated Georgetown 16 to 9. On Saturday morning Paris in the most exciting game of the series, defeated Georgetown by the narrow margin of 18 to 17. Lexington was victorious over Winchester by a score of 32 to 1. Saturday afternoon the game between Paris High and Clark County High resulted in the score of 14 to 11 in favor of Winchester. The concluding game of the series was played Saturday night between Lexington and Paris, resulting in a victory for Paris by the score of 14 to 13. This made the contest a tie between Paris and Lexington for first honors.

At the Y. M. C. A. in Lexington Saturday night the Paris Public School Junior team was defeated by the Lexington Midget team by a score of 32 to 3. In the opening games of the Kentucky High School Athletic Association Basketball teams played at the University of Kentucky, in Lexington, Paris High School defeated Somerset by a score of 46 to 11. Tucker and McClintock did the best playing for Paris. Roberts, star forward of the Paris team, injured his wrist in the first game and was taken out. In the semi-finals of the games Somerset High defeated the Paris team by a score of 26 to 21.

(Contributed)

Friday and Saturday were very exciting days for everybody interested in athletic sports, basket ball in particular. The tournament opened Friday afternoon at three o'clock at the Y. M. C. A., when Paris and Lexington clashed. These two teams are very evenly matched, and the enthusiasm ran high, especially since the local team had defeated the visitors twice before by a very narrow margin. The battle was a hard-fought one, and the final score was 17 to 15, in favor of Lexington.

The next game was played between the two Winchester teams, Clark County High and Winchester High. The former has much the better team, and won an easy victory over their opponents with a score of 16 to 4.

The next season of playing was at 7:30 that night, when Lexington opposed Georgetown and Paris opposed Clark County High. For a while it looked like Georgetown might be victorious, but Lexington put in a fresh player and in the second half ran the score up to a certain victory, and ended with 16 points, while Georgetown had 9. In the second game, between Paris and Clark County, the local team was successful defeating their opponents 24 to 2.

Saturday morning Winchester High was beaten by Lexington by a big score, the Winchester team making only one foul goal, while Lexington had 22 points to her credit. One of the closest games of the tournament was between Paris and Georgetown. This was in marked contrast to the former game between these two teams at the first of the basket ball season. Then Paris was easily the victor, but this score was 17 to 16.

Only one game was played in the afternoon. On account of their being only five teams represented, one team had to play an uneven number of times. It had been agreed that a team was eliminated when it had been defeated twice, so it was necessary for Lexington or Paris to play Clark County. In the drawing it fell to Paris' lot and the visitors were beaten by a score of 14 to 11.

The final game was played Saturday night, when Paris and Lexington locked arms again. The crowd was wild with enthusiasm and when the final whistle blew giving the game to Paris the score stood 14 to 13. At no time did the local team let the visitors get ahead of them, and the work of all ten girls was snappy, fast and full of "pep."

This tied the tournament championship between Paris and Lexington and it was played off on the State University floor last night. The result did not alter the fact that Paris holds the championship of Central Kentucky, but it decided who gets the cup offered to the winner of the tournament. Owing to the lateness of the game, we were unable to get the result for this issue.

It is impossible to mention all of the points in the entire series, for something could be said about each individual player. The best work done by any of the visitors was that of Miss Northcutt, of Lexington. Georgetown's team showed vast improvement over the first of the season. Winchester High never seemed to locate her players or the basket. Clark County High showed good team work and splendid fighting spirit. As for Paris, we all know who they are and what they can do.

Senator Sherman is in the happy state where he can freely speak his mind. He doesn't want to be Senator, anyway.

RELIGIOUS.

No decisive action was taken in regard to calling a pastor at the congregational meeting held Sunday morning at the Presbyterian church. The matter was thoroughly discussed, but no decision arrived at, the meeting adjourning to a later date. Rev. Dr. Hemphill, president of the Presbyterian Theological Seminary at Louisville, conducted the morning and evening services, his morning discourse being devoted largely to an explanation of the good work done at the Seminary. Miss Mary Dan Harbison rendered beautiful solos at both services.

"Go-to-Sunday-School-Day."

The sixth annual Kentucky "Go-to-Sunday-School-Day" will be observed in the State, May 4, according to an announcement made by the Rev. George A. Joplin, Secretary of the Kentucky State Sunday School Association. The Sunday before April 27 will be Visitation Day, when it is planned to reach every person in the State with an invitation to attend Sunday School the following Sunday. The week from April 27 to May 3, will be Children's Week.

A plan has been inaugurated by the societies of the Southern States under which each local organization will buy one or more \$50 bonds of the "Victory Loan."

"ST. PATRICK'S DAY IN THE MORNING."

Yesterday was the day dear to the hearts of all descendants of the good little old green country of Ireland, a green jewel dropped from the sky, St. Patrick's Day. The green shamrock and Ireland's colors were everywhere in evidence. The day is sacred to the memory of Ireland's patron saint, St. Patrick, revered by all true sons of the Emerald Isle.

THE WEATHER.

Weather predictions for the week beginning Monday, issued by the Weather Bureau are:

Ohio Valley and Tennessee—Temperature above normal first part of week, normal thereafter, frequent showers probable.

Heavy warm rains fell in this section Saturday night and Sunday, which will have a tendency to bring out the spring vegetation. The weather has been mild, the temperature Sunday approaching very close to the really warm point. Yesterday was a "grey, dull day," and being St. Patrick's Day, almost any kind of weather was to be expected.

BAPTIST WORKERS' BANQUET.

The Training School, which has been conducted the past week at the Baptist church by Rev. J. R. Black, State Secretary of the Baptist Sunday School Board, his wife, Mrs. Black, teacher of Primary and Junior Methods, and Mr. T. C. Gardner, Dallas, Texas, instructor of B. Y. P. U. methods and works, was brought to a happy conclusion Friday, when the teachers, officers and workers of the Sunday School were entertained by the Superintendent, Mr. J. T. Tucker, with a "turkey dinner," at his home on Fifteenth street.

The house and table were profusely decorated with cut flowers and potted plants, the color scheme of pink and white being carried out in the decorations, cakes and ices. Mrs. Tucker, with a corps of assistants, had prepared an elaborate five-course dinner, after which various phases of Sunday School work were discussed.

Rev. Black and his associates, as experts, and the Paris Sunday School workers have received great benefit and inspiration from the Training School just closed.

The guests at the banquet were: Rev. J. R. Black and wife, Louisville, Ky.; Mr. T. C. Garner, Dallas, Texas; Rev. R. C. Goldsmith and wife, Mr. and Mrs. A. M. Houston, Mrs. W. O. Hinton, Mr. and Mrs. T. W. Spicer, Miss Bertha Hinton, Dr. and Mrs. Wallingford, Mrs. Prewitt, Wilmore, Mr. and Mrs. Joe James, Miss Patsy Clark, Mr. Raymond Stamler, Miss Katherine Kenney, Mrs. Richardson, Mr. Q. H. Preston, Mrs. Smart, Mrs. Patterson, Mrs. Kenney, Mrs. Cash; Rev. C. W. Eisey and wife, of Cynthiana.

SOCIAL AND PERSONAL.

Comings and Goings of Our People Here, There and Elsewhere.

—Mrs. Harry Simon left Saturday for a business trip to New York.

—Mrs. Virgil Swinford has returned from a visit to Mr. T. A. Garnett, in Cynthiana.

—Mr. Overton Harper, of Richmond, was a week-end guest of Miss Rachel Wiggins.

—Mrs. Wayne Lafferty, of Ravenna, was a guest of Paris friends several days last week.

—Mr. A. V. Douglas, of Shepherdsville, former Parisian, is here as a guest of friends and relatives.

—Mrs. Wm. Ardery has returned from a visit to her parents, Rev. and Mrs. I. T. Spencer, in Lexington.

—Miss Elizabeth Steele entertained informally at her home on Winchester street Sunday with a dining.

—Miss Fannie Coston, of Ewing, was a guest Saturday and Sunday of Misses Myrtle and Gladys Doyle, near Paris.

—Mr. Louis Mussinon continues very ill at his home on South Main street. Mr. Mussinon is suffering from a carbuncle.

—Mrs. J. Will Howard, formerly of Paris, is confined to her home in Carlisle with an attack of influenza, but is improving.

—Miss Ella Walsh has returned from Cincinnati, and has resumed her former position as a member of the sales forces of Frank & Co.

—Mr. and Mrs. William Shire have as guests at their home on South Main street, Mrs. Shire's mother and sister, Mrs. Rosenbaum and Miss Hortense Rosenbaum, of New York City, N. Y.

—Mrs. Gertrude Smoot, Mrs. Wm. Remington, Lieut. Eugene Elder and Miss Rosina Elder, of Paris, were guests several days the past week of relatives in Richmond.

—Mr. and Mrs. Edward Fithian, of Louisville, accompanied by Mrs. Jacob Owens, also of Louisville, are guests of Mr. Fithian's parents, Mr. and Mrs. Charles N. Fithian.

—Clay Sutherland and Perry Shy, of Paris, representing the Swift & Co. interests in this section, attended a "get-together" meeting and banquet given in the Phoenix Hotel in Lexington, recently.

—Leonard Harney, seven-year-old son of Mr. and Mrs. Grover Harney, of Riddles Mills, underwent a successful operation for appendicitis Monday at the Massie Memorial Hospital in this city.

—Miss Ruth Wheeler, who was operated on for appendicitis at St. Joseph's Hospital, in Lexington, some time ago, was able to return Saturday to the home of her parents, Mr. and Mrs. E. M. Wheeler, on Houston avenue.

—Mrs. Henry V. Thompson, wife of former Parisian H. V. Thompson, fell at her home in Winchester, recently, breaking her leg and sustaining other serious injuries. Mrs. Thompson was reported yesterday as resting very comfortably.

—Dr. A. H. Keller has returned from Dallas, Texas, where he has been for several weeks as guest of his son, Mr. George Keller. The latter has become an oil magnate, owning several producing wells of large capacity. Mr. Newsom Keller will remain in Texas, and will take an office position with his brother.

—Dr. H. M. Hamilton is closing his business affairs in Paris, and will move about March 25 to Muncie, Indiana, where he has purchased the veterinary hospital of Dr. Boor. Dr. and Mrs. Hamilton have made many friends during their residence in Paris, who will regret their departure and wish them "best of luck" in their new home.

—Mrs. Henry L. Terrill and Miss Sena Rion have returned from Winchester, where they were called to the bedside of their aunt, Mrs. Thos. Hall. Mrs. Hall was badly burned when her clothing caught fire from an open grate near which she was standing. She was reported as being somewhat improved yesterday.

—Miss Jennie James has returned from a visit to her sister, Mrs. E. J. Barnett, in Montgomery, West Virginia. Mrs. Barnett and little son accompanied Miss James home to visit her parents, Mr. and Mrs. Wm. James, of Fourth street. Miss James had as guest for the week-end her cousin, Miss Christine Kenley, of Georgetown, and Mr. W. F. Dickerson, of Cincinnati.

—The annual luncheon of the girls' Pan Hellenic of the University of Kentucky was held at the Phoenix Hotel on Saturday at one o'clock in the ballroom. The occasion was the presentation of the scholarship cup. This year the cup was won by the Alpha Gamma Delta fraternity. Miss Eliza Piggot, president of the Pan Hellenic in presenting the cup gave the history of the cup and several incidents connected with it. Among the guests attending were the following from Bourbon county: Misses Sue Boardman, Helen Beasley, Catherine Denton, Louise Turner, Mary Turner, Nancy Buckner, Mary Adams Talbot, Frances Marsh, Elizabeth Smith and Mildred Collins.

—Miss Martha Ferguson was hostess at the home of her parents, Mr. and Mrs. Volney W. Ferguson, near Paris, last night, to a happy gathering, who were there to meet, informally, Dr. Charles Miles McKinley, of the United States Medical Corps, who is a guest at the Ferguson home. The guests spent a delightful time socially. The wedding of Miss Ferguson and Dr. McKinley will take place at the home of the bride-elect, in June. Dr. McKinley has but lately returned from overseas, where he was a member of the army medical corps with the American Expeditionary Forces.

—The first of a series of tea dances was held from four until six o'clock in the main cafe of the Phoenix Hotel, Lexington, on Saturday afternoon. The return of the former custom of Saturday afternoon being the appointed time of the week for dancing and tea, was welcomed by the younger society of Lexington and a host of couples made the cafe

their leading place during the afternoon. There were a number of out-of-town parties. Miss Caroline Roseberry, of Paris, was hostess to a party composed of the following Bourbon county people: Miss Belle Horton, Mrs. Katherine Davis Craig, Mr. Charlton Clay, Mr. Hugh Ferguson, Mr. Woodford Buckner, Mr. and Mrs. Oscar T. Hinton, Mrs. Durand Whipple; Mr. Normand Moss, of Lexington; Mr. Kenneth Alexander, of Woodford county; Ben Buckner and Gerard Van Cromelin.

STARS AND STRIPES YEAR OLD, PRINTS HALF MILLION PAPERS.

Stars and Stripes, the newspaper of the American Expeditionary force, has just entered its second year. Its first issue, it now admits, was short of the 30,000 it was supposed to be. It now circulates more than 500,000 copies, and is limited to that only by the scarcity of white paper. It is going all over the world, even to the American forces on the Murman coast in Russia. The money borrowed of the general staff to start the paper has been paid back.

Says the anniversary number: "Almost every line of the first number was written between errands by one buck private working in the office of field press headquarters at Neufchateau. Its cartoons were done at odd times on still order scraps of paper up in Dambaine, where the marines were somewhat engrossed with the preparations for their first invasion of the trenches.

"The present office, over the American Chamber of Commerce in Paris, seems when compared with the first office of the Stars and Stripes, where, in a hall bedroom in the Hotel St. Anne, the original five got out the early numbers, with a cavalryman as the treasurer, counting over the first francs on one beer table and Wally drawing his durn cartoons on another. There the small staff wrote their pieces, corrected them, made up the pages, folded, wrapped and addressed the papers, and then carried them off to the train."

MANY DOGS IN COUNTY.

Up to Saturday, County Clerk Pearce Paton has issued a total of 2,000 licenses to dog-owners in Paris and the county.

A Paris banker did a humanitarian act Saturday when he accompanied Deputy Sheriff James Gibson to the Clerk's office and secured a license and tag for a dog that was about to be impounded. The canine evidently understood and appreciated the kind act, as he frisked around like a playful child and danced a two-step to the jingling of his tag. Who says the milk of human kindness has gone into discard?

COL. WINN LECTURES.

Col. Charles D. Winn, formerly of Paris, lately returned from overseas duty, delivered an interesting address at the Paris High School auditorium at 2:30 o'clock yesterday afternoon, to an interested audience. Col. Winn detailed some of his recent experiences on the battlefronts in France, and delighted his audience by his graphic descriptions of happenings over there where the battles raged thickest.

TO THE PEOPLE OF KENTUCKY.

The State Board of Health, the United States Public Health Service and the Red Cross are united in this appeal to every citizen of Kentucky to help in lessening the spread of influenza and the development of pneumonia.

Nearly four hundred thousand Kentuckians suffered from these diseases last year, and fourteen thousand died from them.

BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work.

People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, griping cathartics are derived from Dr. Edwards' Olive Tablets without griping, pain or any disagreeable effects.

Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint, with the attendant bad breath.

Dr. Edwards' Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 10c and 25c per box. All druggists.

and died from them. Deaths and sickness can be greatly lessened this year if each individual will do his part in avoiding them.

Have yourself and family and every one dependent upon you inoculated at once. Nearly five hundred thousand have been inoculated in Kentucky. Very few of those have developed influenza, and less than a dozen have died from pneumonia. Material for inoculation is furnished free by the State Board of Health. Go to your doctor and be inoculated. If you are not able to pay for the service, go to your Health Officer and have it done without cost. Avoid visiting the sick, especially if they have colds or sore throats.

It is frequently difficult even for a doctor to tell a bad cold from mild influenza. Pneumonia, in nearly every case, is following neglected mild influenza. If you take cold, go home for the safety of the community, to a well ventilated room by yourself, for the safety of your family, and to your bed for your own safety. Send for your doctor, but if you are unable to get him, take a dose of castor oil, drink water freely, and eat soups, eggs and other soft food, salted to taste. Avoid whisky. It neither prevents nor cures influenza. Stay in bed until the cold is well, and if you stay by yourself the chances are you will not develop pneumonia. If you do these things and have been inoculated, you are practically certain not to develop pneumonia.

Cover your nose and mouth with your handkerchief when sneezing or coughing, and persuade others to do so. Don't go where crowds are, and if you find yourself where someone is sneezing and coughing, leave immediately.

Local epidemics of influenza are now occurring and are likely to occur from time to time for the next two or three years, but they can be avoided by any community, family or individual if they will do these things.

Be inoculated to-day!

FARMING IN OKLAHOMA.

(By W. E. Stilwell)

If the Bluegrass farmer knew the hardships of the Southwest, they would appreciate more this beautiful farming land. Most of that section is watered by wells and a few rivers, the drinking water is very poor, some of it is gip water, which causes a kind of colic to most everyone that drinks it. Many fine herds of Short-horn and Hereford cattle are grown there. Many of the Western breeders go there to buy their breeding cattle. The crown ranch in Montana, of 20,000 acres, and grazing 18,000 cattle, sent an order for 200 bulls.

The main crops are alfalfa, sudan, kafir corn and sorghum. Sudan makes fine hay and two cuttings a year is made. Corn and gardens seldom make a crop. The hot winds and lack of moisture dries them up. The wind blows very hard, filling every crack and keyhole with sand. It gets in your eyes, shoes and pockets. The sun shines most every day in winter. It will rain and storm all night, next morning the sun comes out warm and the birds sing, and you almost forget the howling coyote and the raging storm. The roads are sandy and they never shoe their horses and mules. Their wagon frames are built with high slats to keep the hay from blowing away. Most every farm house has a storm pit in the yard. A few years ago a twister struck a section near the river. It just swept everything in its path, killed people, live stock, barns, houses and wagons were blown for miles. The land is most all level; the soil is sandy in some parts and a black loam in another. The black loam grows fine wheat. The land is easy to cultivate. The four-horse lister is used for corn planting. They call our corn planters top planters, and they have abandoned their use.

That country is noted for poultry and many quail abound there. Many hogs are bred for the market and the purebred are being established all over the State.

The red man still owns his oil and farming land, and only a few have learned to work, so he leases it to the white man. The Indians still cling to their old custom of selecting their Chiefs. He has to be tested and tried before he becomes Chief of a tribe. About 3,000 will gather at a camping ground to witness and take part in the contest.

The contest begins at sunrise and they dance until the sun goes down. Their music is a drum and a song of hay, hay, hay, and a yow, yow, yow. They never eat or drink. If they give out they lay down and rest, then return to their task. Some faint and fall and are attended by a physician that is there for that purpose. In October, 1918, at Watonga, Okla., the test lasted from Monday sunrise until Saturday evening at sunset, and the Chief's medal was presented by Pocahontas, II. Then a big feast was spread, and they all danced and sang hay, hay, hay and yow, yow, yow.

World Heavy With Sorrow.

The world in which we are living our lives, and in which we will continue to live, is a world heavy with sorrow and sadness. The war has wrought a ruin which will take many years to repair. Those of us who are alive will never see the end of this great task. So there is a clear task before us. We must help those who have been hurt and broken, and comfort those who have been made sorrowful. Just because the task is so big it challenges us to do our best, to stop playing at being Christians, and to strive with all our might and power to do our best.

Prays for Red Hair.

At a religious meeting in Pennsylvania a youth asked the prayers of the pastor and people in order that he might become redheaded. It seems that his hair was of a yellowish-white shade that was no color at all. He had heard the red heads were good scrapers, and he was praying the Lord to give him red hair so that he might go forth to fight the Kaiser. There's something in this, too, and there's an idea abroad that a regiment of auburn-haired Amazons could put a crimp in the Prussian quicker than a whole division of mere chocolate-haired men. For love or war give us the locks of flame.—Los Angeles Times.

FORMER STAMP RATE GOES BACK JULY FIRST.

Postmaster J. Walter Payne has received an official communication from the Postoffice Department to the effect that postage rates on all first class mail matter will be reduced after July 1st to the rates in force on October 3, 1917, the two-cent stamp replacing the three-cent one and the one-cent postal card replacing the present two-cent variety.

The new Victory stamps of the three-cent denomination, issued in commemoration of the successful outcome of the war, is not intended to take the place of the regular issue of three-cent stamps, and will be supplied only to patrons who request them. The design, which is in purple, represents a standing figure of Liberty with a background composed of the flags of America, England, Belgium and Italy, the countries most actively engaged in the war.

FEW CENTS DESTROYS YOUR DANDRUFF AND STOPS FALLING HAIR

Save Your Hair! Make It Thick, Wavy and Beautiful. Try This!

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scurf.

There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderine to-night—now—any time—will surely save your hair.

Get a small bottle of Knowlton's Danderine from any drug store or toilet counter, and after the first application your hair will take on that life, lustre and luxuriance which is so beautiful. It will become wavy and fluffy and have the appearance of abundance, an incomparable gloss and softness; but what will please you most will be after just a few weeks' use, when you will actually see a lot of fine, downy hair—new hair—growing all over the scalp.

CLOTHING NEEDED FOR THE FRENCH REFUGEES.

Word has just come to Lake Division headquarters in France that the need for clothing among hundreds of thousands of refugees in France is even more imperative than food. That is the substance of a statement contained in the report of fifty investigators of the American Red Cross working among the 200,000 refugees gathered in and about Paris. The report says:

"Most of the refugee families manage to nourish themselves on the Government allowance and their small wages, but they are by no means able to clothe themselves. As the present prices of clothing in France are prohibitive, the need for this kind of assistance is obvious. Accordingly, we decided to give food only when special nourishment was ordered by a physician, but to continue to look after the clothing need as imperative."

It is estimated that the German invasion of France and Belgium made wanderers of 1,250,000 formerly happy country people of these countries.

Now that the conflict is over and the occupied territories of France and Belgium have been liberated, these refugees are hastening back to their former homes in large numbers. They have no thought of the ruins, the cold weather, or their condition as regards sufficient clothing, only the longing to get back to their homes, occupy their minds.

In passing their ruined villages and towns, they can be seen standing in the doorway of houses which have for their roofs nothing but a sheet of canvas which sags under the weight of the snow. Smoke curls up from a hole in the ground and investigation of its source discloses a family of four or five huddled about a fire in the cellar of a completely wrecked home. The children wear old blankets and the parents work and sleep in a ragged patch-work of costumes. To the Red Cross man, who visits them, the mother says:

"We would not mind if we only had a few clothes to keep us warm while we worked. My boy has not left the fire for three days. It's so cold outside and he has nothing but a blanket to put around him."

The gift of a pair of socks by a passing American doughboy to an old peasant at Conflans brought tears of joy. The old fellow talks about his socks unceasingly. Another wears a pair of overalls that were presented to him by an American, as proudly as if it were a dress suit. Of food they have little, but of clothes they have practically none.

Old Ways of Telling Time.

In remote ages the Japanese and Chinese used a knotted wick to record time, two feet in length. The wick burned slowly and each knot recorded an hour. Philip II of Spain is said to have used an oil lamp for the same purpose. The oil was contained in a glass receptacle, on which was a scale marking the hours from four in the afternoon to eight the next morning, and the height of the liquid upon the scale would show the time. A 12-inch candle, of which three inches would burn away in an hour, is supposed to have been used by King Alfred.

Keep Smiling.

Best advice of all is contained in the last words of the chorus of a popular song: "Smile—smile—smile!" However, you must smile from the heart, not merely twitching facial muscles mechanically, but flashing a message of friendliness and jollity from the heart.—Burlington Hawkeye.

Dietetic Habits.

Some people seem to think that a vegetarian is a curiosity. A rough calculation shows that the population of the world, now estimated approximately at 1,600,000,000, is said to be divided as to dietetic habits about as follows: Strict vegetarians, 250,000,000; practically vegetarians, but eating a little fish or flesh, 450,000,000; eating meat about once a week (on high days and holidays), 500,000,000; eating meat daily and sometimes more than once a day, 400,000,000.

Constructive Legislation.

First Lawyer—What makes you think we shall not be able to get this law passed by the legislature? Second Lawyer—It's too simple. Almost any one can understand it. It ought to be so complex and vague that nobody can understand it. Then it is bound to pass, because nobody would admit that he didn't understand it.—New York Sun.

Influence and Example.

The blossom cannot tell what becomes of its odor, and no man can tell what becomes of his influence and example, that roll away from him and go beyond his ken in their perilous mission.—Beecher.

Absorbing the Sun's Heat.

According to an Italian scientist's figures a square mile of the earth's surface in six hours of sunshine receives heat equivalent to the combustion of more than 2,600 tons of coal.

Optimistic Thought.

He who reason rules may with safety rule others.

At worst, Germany's new regime is making a good impression in comparison with old.

ADVERTISING MAN SPEAKS

Says Meritone Helped His Nerves and Brought Vigor and Energy

W. R. Arnold, advertising agent for the Vendome, the largest theatre at Nashville, talked willingly for publication recently regarding his experience with Meritone, the new system medicine.

"I'm glad to give a statement for Meritone," Mr. Arnold said.

"I was so extremely nervous I could hardly sleep at all at night before I took Meritone. I'd lie awake half the night and, of course, the next morning I felt tired out."

"Finally, I started losing strength and then I couldn't do my work right."

"I can notice a big change since taking Meritone. I go to sleep easily at night now and I feel fine when I get up in the mornings. I've got back my old energy and ambition."

"I've got a great appetite now, too. I'm eating regular meals again."

"I'm to take a new advertising position with Ringling's Circus soon and I'm feeling so well that I expect to make a record with them."

Meritone is highly recommended for stomach, liver or kidney trouble, catarrh, rheumatism, nervousness and other ailing conditions of the system.

Meritone is sold exclusively in Paris by G. S. Varden & Son.

One advantage a woman smoker has over a man is that she can drop her ashes in her lap.

What has become of the old-fashioned anti who used to argue that "whiskey is a food?"

FORGOT WHAT HE NEEDED.

From the Republican, Mt. Gilead, Ohio: "The editor had an interesting experience some time ago, when a young gentleman came to this office and asked for a copy of the Morrow County Republican. He scrutinized it carefully when a copy was handed him, and then said: 'Now I know! What is it you are looking for,' we inquired. 'My wife sent me after a bottle of Chamberlain's Cough Remedy, and I forgot the name. I went to several stores and the clerks named over everything in the line on the shelf except 'Chamberlain's.' I'll try again, and I'll never go home without Chamberlain's Cough Remedy.' The Republican would suggest to the proprietors of stores, that they post their clerks, and never let them substitute. Customers lose faith in stores where substituting is permitted, to say nothing of the injustice to makers of good goods and the disappointment of customers.

MAKE OLD SHOES WEAR LIKE NEW

"I had Neolin Soles put on my shoes—wore these shoes every day for fifteen months, then had Neolin half-soles put on. They are still in good condition," writes F. T. Evans, of Seattle, Washington.

This is cutting shoe bills down to the minimum through Neolin Soles. Anyone can do this if he will follow Mr. Evans' example, and have his shoes re-bottomed with Neolin Soles. These tough, durable soles cost no more than soles that give only ordinary wear. And all good repair shops have them.

Neolin Soles come on new shoes, too—in many styles for men, women and children. They are created by Science to be all that soles should be—comfortable and waterproof, as well as long-wearing. They are made by The Goodyear Tire & Rubber Co., Akron, Ohio, who also make Wingfoot Heels—guaranteed to outwear any other heels.

New Toll Rate Effective January 21st, 1919

Order No. 2495 of the Telegraph and Telephone Administration issued by the Postmaster General at Washington, December 13th, a new toll rate is ordered effective January 21, 1919.

According to our interpretation of this order the toll rates will be classified as follows: The day rate applies between the hour of 4:30 a. m. and 8:30 p. m.

Night rate between 8:30 and 12 midnight for station-to-station messages only, shall be approximately 50 per cent. less than any day rates, but no night rate for less than 25 cents.

Another night rate between 12 midnight and 4:30 a. m. shall be approximately 75 per cent. less than the day rate, but no night rate less than 25 cents.

Person-to-person messages shall be approximately 25 per cent. higher than station-to-station rates.

Appointment calls shall be approximately 50 per cent. higher than station-to-station calls.

Calls which require service of a messenger shall take the appointment rate, plus cost of messenger fee.

A report charge of approximately 25 per cent. of the station-to-station rate will be made on all person-to-person calls, when person desired is not in or will not talk or if party calling is out when connection is completed within one hour after filing time.

MILLERSBURG

Mr. E. P. Thomason is among the sick.

Regular meeting of Amity Lodge No. 40, F. & A. M., at 7:30 p. m., to-day.

Rev. W. W. Morton was installed as pastor of the Presbyterian church, Sunday morning.

Mr. and Mrs. W. D. McIntyre returned Friday, after a two-weeks' sojourn at Martinsville, Ind., much improved.

Mrs. J. H. Miller, of Memphis, Tenn., arrived Thursday for a two-weeks' visit to her parents, Dr. and Mrs. W. G. Dailey.

Mr. U. S. G. Pepper, former postmaster of Millersburg, was a guest several days the past week of friends and relatives in this city, before leaving for Canada, his future home.

Relatives in Millersburg have received notice of the death recently in New York City, of Mr. J. H. White. Mrs. White's wife was formerly Miss Rebecca Martin, of Millersburg.

Mr. and Mrs. E. T. Beeding will move to the home of Dr. C. W. Mathews, near Millersburg this week. Mr. T. J. Judy has purchased the cottage adjoining his home from Mrs. Allie Miller, at a price not given out for publication.

Mr. Thos. Goodman, Jr., son of Mr. and Mrs. Thos. Goodman, died of influenza last week at the home of his parents, in Scott county. The funeral and burial was held with services conducted at the grave in the Georgetown Cemetery. Mrs. Goodman is a sister of Mr. Thos. Duffy, of this city.

A teachers and patrons meeting was held at the Graded School building Friday evening. Membership was on for several days preceding the meeting. The children have succeeded in enlisting the most of our people in behalf of better school work. Quite a good audience was present.

Mr. T. H. Thompson sold on Thursday his grocery stock to Mr. M. Caldwell. Mr. Caldwell taking possession of the store Monday morning. Mr. Thompson desires to thank his friends for their patronage and asks them to continue business with Mr. Caldwell. For some time Mr. Thompson has been in poor health. Feeling he needed a rest he decided some days ago to sell out. He will not engage in business at present, but enjoy several months' of long-needed rest.

The following out-of-town friends and relatives attended the funeral and burial in this city of the late Mr. James F. Miller: Mr. and Mrs. Tillet Dranem, Eminence; Mrs. Annie Cummins, Jackson, Miss.; Miss Mary Miller, Cynthia; Mr. and Harry Burnaw and daughter, Mrs. James Clay, Mr. John Morgan, Mr. Taylor Mathers, Rev. J. W. Crates, all of Carlisle; Mr. Hudson, Blue

Lick Springs; Mrs. Mattie Purnell, Mrs. Frank Collier, Mrs. Lewis Rogers, of Paris.

NOTICE TO THE PUBLIC.—I have purchased the grocery stock of Mr. T. H. Thompson, and assumed control of the business Monday morning. It shall be my purpose in all my dealings to try to live and let live. I hope to enjoy the patronage Mr. Thompson had, promising all of his patrons the courteous treatment which they received from him. My stock is new and clean, nothing old in the house. I shall endeavor to satisfy the public. All goods will be sold for cash, on small profits, enabling you to secure better bargains than you can do on a credit basis. See our price list in future issues.

R. M. CALDWELL.

Miss Martha Adela Smith and Mr. Henry Clay Current were quietly united in marriage at Georgetown, Saturday afternoon, by Rev. Adams, of the Baptist College. Miss Smith is one of our most prominent young ladies, having graduated several years ago at the M. F. C., and later in special courses at Georgetown College, in June, 1918. She is the only daughter of Dr. and Mrs. Chas. Bruce Smith, and a member of the Christian church, with a large circle of friends throughout Central Kentucky. Mr. Current is the only son of Mr. and Mrs. Thomas Willis Current, and is a prosperous farmer. He was mustered out of the army in the fall of 1918, after having served several months in a southern camp. These two young people are prominent in social circles in Central Kentucky, and begin life under fortunate circumstances. Immediately after the wedding, which was very quiet, and witnessed only by the parents of the contracting parties, they left for a short honeymoon in the South.

Mr. J. F. Miller, aged eighty-two, died Thursday about eleven a. m., of apoplexy. Mr. Miller's general health was apparently good a few days prior to his death. He was in the kitchen with his housekeeper, Mrs. DeWitt, only a short time before he was found dead. On leaving the kitchen he went to his room between eleven and twelve o'clock. Mrs. DeWitt called him to dinner several times, but met with no response. Believing him to be asleep she went to his room and found him sitting in his easy chair. A newspaper had dropped from his hand to his lap, and his glasses had fallen from his eyes, on the paper. Life was extinct, death must have been almost momentary.

Mr. Miller was one of our most prominent and successful farmers, residing on the Maysville pike, about four miles north of Millersburg, at Forest Retreat, the old Lon Metcalf home, which place he had owned for a long time. Early in life he was united in marriage to Miss Sue Vi-mont, and their union was blessed with five children, one son and four daughters. His wife and three children preceded him to the grave. He is survived by two daughters, Mrs. L.

T. Darine, of Eminence, and Mrs. Anna Cummings, of North Carolina. He was a man who enjoyed life and for a long time, with his family, would spend the winter in Florida. The past few years, however, he has remained at home. He was a member of the Methodist church, at Carlisle. The funeral services were conducted Saturday, at 10:30 a. m., at his home, by his pastor, Rev. J. W. Crates, with interment in the Millersburg Cemetery.

SPEARS MILL ITEMS.

Private Will Hill, who has been in France, has returned and is visiting his aunt, Mrs. Frank Mitchell.

Private Theodore Carter, now in France, writes that he does not expect to be sent home soon, as "flu" has broken out in his battery.

Miss Verna Rankin, teacher of public school, closed the school last Friday, and has returned to her home in Fayette county.

The ladies of the Parent-Teachers' Association will conduct a parcel post sale in the school building on Friday night, March 21. Everybody cordially invited.

The teacher, Miss Elizabeth Hurnall, and pupils of the Escodida School, will have a "pie supper" and "fishing pond" in the school building on Tuesday night, March 18. Everybody cordially invited. Proceeds to benefit of school.

FORMER PARIS MINISTER REBUKES WILSON'S OPPONENTS

Rev. O. R. Mangum, former pastor of the Paris Baptist church, now in charge of the Henderson church, delivered a scathing rebuke in an address in his church Sunday night, to the obstructionists who have endeavored to hinder the work of the promoters of the League of Nations. In the course of his remarks Rev. Mangum said: "If the Senators refuse to ratify the League of Nations the blood of those who fall in the future wars will be on their heads." Rev. Mangum brought out the point that Germany is more than apt to emerge from the war stronger than when she went into it.

The Henderson Daily Journal, in its report of the address, has the following:

"Rev. Mangum brought out the point that Germany is apt to emerge from the war stronger than she went into it. Russia, mighty nation, was an enemy of Germany, but has been changed by the war to an ally, her unlimited resources available to Germany. Italy fought with us, but Italy is the natural ally of Germany. It was Russia that Italy hated—not Germany. Austria has broken up and twenty million of her people with German sympathies, have gone with Germany, giving Germany a strength of eighty millions now as against some sixty millions before the war. The cause of Italy's enmity to Germany disappeared when Austria broke up. Probably in another alignment Italy would be found with Germany. All of this would give Germany power of which she never dreamed and she would need but another Kaiser to lead her to world ambition.

"Rev. Mangum showed that Woodrow Wilson has but taken the next step following the step forward taken by George Washington. Washington fought against States' rights for a federal government or a nation. Wilson fights against national prejudices for internationalism. Then it was State rights against national rights.

"Rev. Mangum revived briefly the good points of the League, showing how there will have to be discussion and delay before starting another war. There will be time for cooling down, for arbitration. War will be the last thing and not the first as it was in 1914. Had there been a discussion there would have been no war. Germany refused absolutely to discuss the matter.

"Lastly Rev. Mangum showed that the League of Nations was the fulfillment of biblical prophecy. It is the day for which the world has hoped and prayed, dreamed and yearned for. It has come."

MOTHER AND CHILDREN RESCUED FROM FIRE.

The home of the Rev. L. A. T. Grundy, near the depot, in Greenville, Muhlenburg county, was entirely destroyed by a fire of unknown origin. Mr. and Mrs. Grundy and two children were confined to their beds by influenza and were carried

out and taken to the home of a neighbor, where Mrs. Grundy is reported to be in a critical condition. The fire spread to the meathouse and poultryhouse and these were destroyed. The damage is estimated at about \$3,000.

The war now may be considered as officially at an end as George Creel has been demobilized.
